Dalen is a bright, matt-lacquered hardened wood floor that's popular in Scandinavia. The clean-looking Powder White shade brings light, and the Blend grading includes some colour variations, which adds character. Made from FSC-certified European oak, this class 33 product is extremely durable and ideal for heavy-traffic spaces like hotels, shops, offices and cafés – or the entrance of your home. The matt lacquered finish makes the floor easy to maintain while protecting it from stains.
