Bohult is a soft-looking, matt-lacquered hardened wood floor in a classic Swedish design. The subtle Earth Grey shade adds calm to a space, and the Blend grading, which includes some colour variations, adds character. Made from FSC-certified European oak, this class 33 product is extremely durable and ideal for heavy-traffic spaces like hotels, shops, offices and cafés – or the entrance of your home. The matt lacquered finish makes the floor easy to maintain while protecting it from stains.
