Magnarp is a hardened wood floor with a hard wax oil surface that is both subtle and can brighten up a space. The Scandinavian-inspired design is available in a Powder White shade that's ideal for a modern environment, and the Nature grading has an appearance of authentic wood. Made from FSC-certified European oak, the hard wax oil surface has a natural structure that adds to this wonderful feeling of wood. Due to the maintenance required, we recommend oiled wooden floors in bedrooms and living rooms where there is less heavy traffic. The floors work equally well in busier areas but will require more care in those spaces.
