Allarp is a refined, hardened wood floor with a hard wax oil surface. The Earth Grey shade is ideal for a toned-down palette. Paired with the Select grading, this is a clean and harmonious-looking floor. Made from FSC-certified European oak, the hard wax oil surface has a natural structure that provides a wonderful feeling of wood. Due to the maintenance required, we recommend oiled wooden floors in bedrooms and living rooms where there is less heavy traffic. The floors work equally well in busier areas but will require more care in those spaces.
