## STEHAG XL EARTH GREY 3.0

Stehag is a beautiful earth grey hardened wood floor that compliments soft shades. The Earth Grey hue is a sophisticated choice for a grounded home, and the Nature grading adds a classic feeling of wood. Made from FSC-certified European oak, this class 33 product is extremely durable and ideal for heavy-traffic spaces like hotels, shops, offices and cafés – or the entrance of your home. The commercial matte finish makes the floor easy to maintain while protecting it from stains.
